

Institute for Immunology, WE06
Lectures, Seminars and Practical Courses in winter term 14/15

	LV- Number	Title	Date	SW
1.	08300	Lecture: General and specific Immunology	Weekly Do 11:45 - 13:15	2
2.	08325	Seminar: Current topics in infection immunology	Weekly Do 17:00-18:00	1
3.	08340	Seminar: Current Research Topics	Weekly Fr 11:00-12:00	1
Practical Courses				
4.	08326	Molecular and screening of genes	Th. 12.02. - Fr 13.02.2015 09:00-14:00	1
5.	08331	Molecular and screening of genes	Th 04.12. - Fr 05.12.2014 09:00-14:00	1
6.	08332	Applied FACS Technology	Do 12.02. - Fr 13.02.2015 13:30 - 18:00	1
7.	08328	Antibodies: Tools for diagnostics	Do 04.12. - Fr 05.12.2014 13:30 - 18:00	1
8.	08327	Thermal Imaging und Immunreactions	Mo 09.02.2015 09:30-17:00	1

Institute for Immunology, WE06

Offers for graduate students within the DRS „Biomedical Sciences“; winter term 14/15

LV- Number	Title	Date	SW
1 .	Immunobiology of Nematodes	Three days in second half of term „by arrangement“	S 2
2 .	Current Research Topics in Infection Immunology	Weekly Fri 10:00-11:00	1
3 .	Berlin Parasitology Seminar	Monthly	1
4 .	Applied Flow Cytometry	19.01. - 20.01.2015 10:00-18:00	2
5 .	Molecular Cloning and Screening of Genes	Two days in second half of term „by arrangement“	1
