Berlin 25.01.2017

Invitation to participate in the Ring test 2017

Dear colleagues,

Hereby we invite you to participate in the Ring test 2017

Serology EIV  
Serology / isolation EHV-1 / EHV-4

The EIV panel comprises 5 samples and the EHV panel each (8 samples for serology and 2 samples for isolation) for state and private examinations. Participation is free of charge.

Samples will be dispatched at the end of February or early March depending on the received feedback. The duration of the Ring test will be at least three weeks.

For proper planning, we kindly ask you for an early reply, if you will participate in the test. Please let us know the contact person and the exact address for accurate and fast shipping.

Please send us the completed declaration of participation.

Sincerely

Dr. Walid Azab
