

Berlin Parasitology Seminars 2021

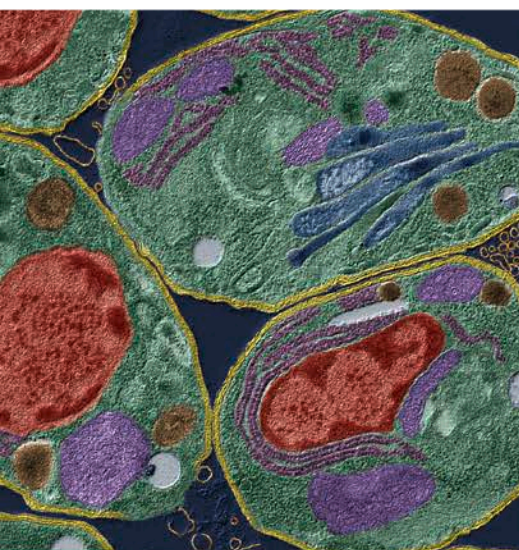

(Online) WebEx video conference

(VP) Veterinarium Progressum– FUB, Oertzenweg 19b, 14163 Berlin

(RvO) Robert-von-Ostertag-Haus – FUB, Robert-von-Ostertag-Straße 7-13, Room 0.42, 14163 Berlin

(HGS) Humboldt Graduate School – Luisenstraße 56, Room 144, 10117 Berlin

5PM (13th April 11am!!!)

9th March
(Online)

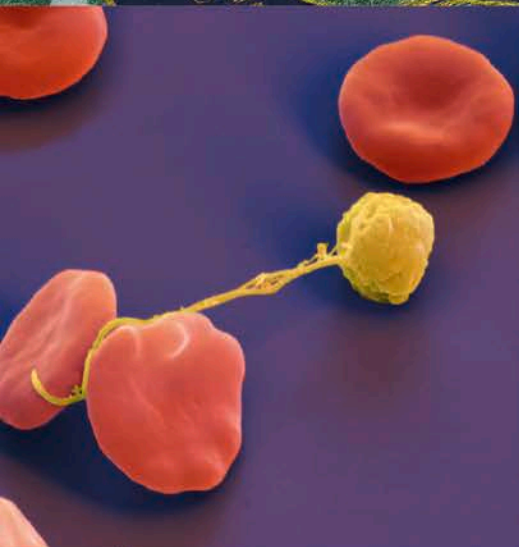

Olivier Duron (French National Centre for Scientific Research, Montpellier)
Tick-Borne Microbes: Why Non-Pathogenic Microbes Matter

13th April
(Online, 11am!)

Stephen Doyle (Wellcome Sanger Institute, Cambridge, United Kingdom)
Using genomics to map drug resistance genes in a globally important gastrointestinal parasite.

11th May
(Online)

Roz Laing (University of Glasgow, Scotland)
Genomic and transcriptomic analysis of resistance to anthelmintic drugs in a parasitic nematode

8th June
(Online)

Kara Filbey (The University of Manchester, United Kingdom)
The diverse systemic effects of gastrointestinal helminth infection

24th August
(Online)

Tim Geary (McGill University Montreal, Canada)
Macrocyclic lactone resistance in *Dirofilaria immitis*

12th October
(Online?)

Pedro H Gazzinelli-Guimaraes (NIH, Bethesda, MD, USA)
tba

26th October
(Online?)

Guillaume Salle (INRAE · Université de Tours, Nouzilly, France)
tba

9th November
(Online?)

Elia Tait Wojno (University of Washington, Seattle, WA, USA)
Prostaglandin regulation of type 2 inflammation during helminth infection

14th December
(Online?)

Jakob von Moltke (University of Washington, Seattle, WA, USA)
tba
